PAST PERFORMANCE

Trusted Partner for Healthcare IT & Federal Programs

INDIAN HEALTH SERVICE (IHS) – Health IT Modernization Program

Role: Subcontractor | **Program Value:** \$3B Health IT Modernization Program | **Client:** Department of Health and Human Services

Supported the IHS Health IT Modernization Program with specialized expertise in engineering, program management, health informatics, and foreign systems interface design. Provided human-centered engineering, operational readiness assessments, and deployment planning to support tribal health systems nationwide with scalable, culturally responsive solutions. Demonstrated expertise in complex healthcare IT environments serving underserved populations.

Key Contributions: Systems integration, deployment planning, tribal health system support, health informatics

FAIRCHILD MEDICAL CENTER – Fractional CIO & Cybersecurity Services

Role: Prime Contractor | **Contract Type:** Multi-Year Services Agreement | **Client:** Rural Healthcare Facility

Delivered Fractional CIO services supporting strategic IT planning and day-to-day operations. Led deployment of enterprise mobility and cybersecurity solutions, conducted network operations improvements, and provided end-user training in Microsoft 365. Designed and facilitated annual cybersecurity tabletop exercises to test incident response, executive decision-making, and regulatory readiness. Implemented VXLAN network architecture and Starlink connectivity for disaster resilience.

Key Contributions: Fractional CIO, cybersecurity tabletop exercises, network engineering, HIPAA compliance, M365 deployment

PHYSICIAN PRACTICE (FLORIDA) – IT Managed Services

Role: Prime Contractor | **Contract Type:** Ongoing Managed Services | **Client:** Private Healthcare Practice

Providing end-to-end HIPAA-compliant IT Managed Services powered by the Kaseya platform. Services include 24/7 help desk support, proactive system monitoring, automated patch management, endpoint protection with geo-blocking, and comprehensive asset tracking. Delivering dark web monitoring, email phishing protection, advanced threat detection, data backup with immutable storage, disaster recovery, EHR platform support, and strategic IT consulting.

Key Contributions: Full MSP services, HIPAA compliance, cybersecurity, 24/7 monitoring, EHR support, disaster recovery

TEAMING OPPORTUNITIES

Mellott & Associates actively seeks teaming partnerships with large and small businesses. As an SDVOSB with GSA MAS schedule, we bring value as both a prime and subcontractor.

AS PRIME CONTRACTOR

- GSA MAS Contract for direct federal ordering
- SDVOSB set-aside eligible
- Healthcare IT and cybersecurity focus
- Agile delivery with senior-level expertise

AS SUBCONTRACTOR

- SDVOSB credit for large business partners
- Proven performance on DLA & VA contracts
- Specialized healthcare IT capabilities
- Flexible, responsive small business partner
